VALUE PROPOSITION

My Contribution

With a strong attention to detail, problem-solving, communication abilities, and a creative mindset, I'm excited to transition into a career as a Front-End Developer. Over the last year I've been fully committed to learning as much as possible through online courses and personal projects. I'm eager to bring my adaptability, resilience and sense of responsibility to a new role and I am dedicated to staying up-to-date with the latest web development trends and technologies.
